THE SOLDIER AND HIS HOME.

At the last regular meeting of Lewis Post, G. A. R., of this city, the following resolutions were adopted:

WHEREAS, Our state has established : Home for our disabled comrades and dependent members of their families, at old Fort Dodge, in Ford county, known as the Kansas Soldiers' Home; said Home being on the cottage plan, more laud is desirable to fulfill the full requirements of said Home; and

WHEREAS, There is remaining of the Fort Dodge military reservation twelve hundred or more acres of unoffered land. which is adjacent and could be used for said Soldiers' Home, and as the citizens of Ford county have made provision for the procuring of more land, therefore

Resolved. That our senators and repre-sentatives in congress should be and are hereby earnestly urged to do all in their power to secure the passage of an act do-nating said land to the State of Kansas, or permitting its purchase for the state, at minimum government price, for the use of the Kansas Soldiers Home.

Resolved, That a copy of these resolutions be sent to each of our senators and

representatives from our district. During the past week copies of the G. A. R. post in the state, with the request that they adopt said resolutions and forward them to our representatives and senators. We sincerely hope there may farm. be no opposition to this simple request, as it is very necessary that the land mentioned be secured.

To secure it in the manner indicated will be no expense to the State or the Department. We do not care so much whether the land is donated or not-preferring the donation, of course-but if it cannot be donated then we ask for the privilege of purchasing these twelve hundred acres at minimum government price, and the people of Ford county alone will pay for it. We shall expect the unanimous support of the Grand of Kansas to stand by us.

INGALLS AND THE ALLIANCE.

Among the resolutions passed by the conference of county presidents of the Alliance beld at Topeka this week we find the following:

RESOLVED, Notwithstanding the fact that John J. Ingalls has represented Kansas for eighteen years in the United States senate, it is a difficult matter for his constituents to point to a single measure he has ever championed in the interests of the great agricultural and labor-ing element of Kansas, and that we will not support by our votes or influence any candidate for the legislature who favors his re-election to the United States sen-
